

November 21, 2005

Aron Royer
Clay County Assessor
County Courthouse
609 East National Ave
Room 118
Brazil, IN 47834

Dear Aron,

Per your request, I have enclosed the initial contracts signed between the Plexis Group and Clay County, IN. As I mentioned in my original letter, Manatron, Inc. acquired the Plexis Group effective November 1, 2005, including these contracts.

There are two specific contracts that were assumed by Manatron, which originated with Plexis. On May 6, 2002, Clay County signed a contract for 6 users of the Ecama Property Tax Software, which had \$12,075 of annual support associated with it. On December 11, 2003, Clay County increased the number of users to 8 users and 1 view only user, which increased the support by \$4,025 to \$16,100 annually. This letter has also been enclosed. During October 2005, Plexis sent letters to their clients making them aware of a 5% increase effective January 1, 2006. Plexis had not initiated a price increase in over 5 years. Therefore, you will be receiving an invoice in mid-December for \$16,905 to cover the Ecama support for the period of January 1, 2006 through December 31, 2006.

In addition, on December 11, 2003, Clay County signed a contract for the ability to publish CAMA data on the Internet. The fee for this was \$300 per month. Last week we mailed you the invoices for the months of November and December 2005, at \$300 each. Effective January 1, 2006, this amount will increase by 5% to \$315 per month. ←

I hope that the enclosed contracts and the detailed description above clarify the questions that you currently have. If you have any further questions please do not hesitate to give me a call at 269-567-2900 ext 284.

Thank you,

Krista Inosencio
Manatron, Inc. CFO
